UNIVERSITI TEKNOLOGI MALAYSIA

29th Regional Conference on Solid State Science and Technology

15-17 November 2016

KSL Hotel & Resort

#33 Jalan Seladang,

Taman Abad, 80250 Johor Bahru,
Johor, Malaysia.

The Regional Conference of Solid State Science and Technology (RCSST) is an annual event in Malaysia. This 29th Conference 2016 is jointly organized by the Advanced Optical Materials Research Group (AOMRG) and Physics Department, Faculty of Science, Universiti Teknologi Malaysia (UTM) as the host, in cooperation with the Malaysian Solid State Science and Technology Society (MASS).

The aim of this conference is to provide a platform for discussions on solid state science and technology in all aspects of physical and chemical properties, preparation and characterization techniques, optical properties; macro-, micro- and nano-structures. In addition, modelling, simulation and measurement methods as well as current developments in technology will also be discussed. The conference will cover the following topics:

- Advanced Material Synthesis and Crystal Growth Technology •
 - Biomaterial • Carbon and Related Materials •
 - Ceramics and Glasses • Magnetic Materials •
 - Devices and Materials for Biology and Medicine •
- Electrochemical & Solid State • Lasers and Optoelectronics •
 - Materials and Energy • Polymers and Composites •
- Metals and Alloys • Nanoscience and Nanotechnology •
 - Optical and Dielectric Materials • Superconductors •
 - Organic Materials and Applications •
- Photonic Devices and Optoelectronic Integration •
 - Semiconductors and Devices •
- Solid State Theory, Simulation and Computation •
- Thin Films and Nanostructures • Other Materials •

Registration Fees

Local MASS Member	RM 980
Local Non-member	RM 1080
Local Student	RM 880
International	USD 390
